Schedula

ALACRITY DEVELOPMENT

Schools around the corner…

- Summer ends fast!
- Figuring out your schedule for the upcoming semester is a daunting task
- Need an efficient and stress free method of organizing program requirements
- Compare all possible schedule options

Schedula

- Schedula is a mobile application!
- Allows students at Carleton University to efficiently and effectively build their course schedules for an upcoming semester

Students are able to...

- Enter the courses they need to take
- Specify a preferred time of day, such as morning, afternoons, or nights
- Pick a day off or incorporate any other time constraints
- Let us do the work!

Home Page.
